

1878 Jobbers Drills

Heavy Duty

Black&Gold/Nitride Margins

Cle-Line 1878 Drills are designed to **extend tool life** and **enhance performance**.

- 135° self-centering split point
- Nitride surface treatment produces a much tougher protective layer, increasing hardness and giving tools a longer life.
- Three flatted shanks sizes above 4.2mm means tighter chucking for reduced slippage.
- Black & gold finish increases lubricity and lengthens drill life.
