COVID-19 Update

May 21, 2020

To the loyal customers of Greenfield Industries,

As we are all trying to figure out the “new normal” or “new abnormal” from the COVID-19 pandemic all of us at Greenfield Industries hope you are doing well and staying healthy.

We thank you for your business and know we will get through this together. We are pleased to report we do not have any confirmed COVID cases at Greenfield Industries, nor have we experienced any shutdowns from COVID-19. Our priority is to continue to provide our customers with high quality products and we are ready to serve your needs, all while practicing new procedures and safety precautions within our company to alleviate the risk of COVID-19. We continue to follow national and local guidelines along with information provided by our government officials, CDC, and WHO.

Starting June 1st, we will bring our teleworkers back to the office over a three-week time frame. At the same time, we will start letting our sale people reengage in the market while respecting our customers COVID-19 guidelines. Please know that we are here for you and will provide support as you like.

To promote a safe environment for our employees, we are restricting any visitors from our location. We are happy to set up virtual meetings if needed to support the business.

Stay safe and thank you for your support and business!

A handwritten signature in black ink that reads "Ty Taylor". The signature is fluid and cursive, with the first letters of the first and last names being capitalized and prominent.

Ty Taylor
President
Greenfield Industries, Inc.
